

## INSTRUCTIONS FOR SELECTING RESERVATION SITES

- 1) Campsites can be requested by one party leader between the hours of 5:00 PM the day before the launch and 9:00 AM the day of your launch date.
- 2) Obtain site selection form located at kiosk (near Corn Creek A-Frame, black box to the right)
- 3) Review reservation sites and select campsites according to your group size and travel itinerary. To assist you in the selection process, please refer to the river map. The Corn Creek River Personnel are available to discuss your options as well.

Review the request forms that have been posted by other floaters and the campsite allocation board to see if other sites have already been selected. Sites that have already been posted on the allocation board (highlighted in red) may not be requested. Sites that have been posted by other floaters may be requested. However, same site allocation will be determined by a coin flip until one party prevails. *It is the intent of the Forest Service to have individual parties negotiate same campsite selection prior to a coin flip if possible.*

- 4) Post your request form at the designated location on the kiosk.
- 5) Checkers will remove completed request forms at 9:00 AM on your launch date and conduct a compliance review. Checkers will then allocate sites once they have checked for conflict. Any large sites ***above the South Fork*** that have not been allocated may be selected by small parties at this time.

- 6) Parties arriving after 9:00 AM on their launch date may reserve any remaining sites that have not been requested on a first-come first-served basis on their launch date. Contact the Corn Creek Checker for assistance in requesting any remaining sites.

## **RESERVATION PROGRAM RULES**

- 1) A party that reserves a camp shall stay at that camp on the date reserved.
- 2) No party shall occupy a site that has been reserved by another party or at a reserved site that has not been allocated or reserved.
- 3) Layovers are prohibited at reserved campsites.
- 4) Reserved campsites must be occupied by 7:00 p.m. Then vacated by 12:00 (NOON)MST.
- 5) A total of not more than 5 reserveable campsites can be reserved by a group.
- 6) **Reserved Campsites:** Permit holders may advance a single boat beyond ¼ mile of the main float party to access a campsite that has been “reserved” by that party. Permit holders that do not have a reserved site must abide by the group integrity rule.

Thanks!
